Your Vision, Our Future

TC-C4 COMPACT TROLLEY

The TC-C4 Compact Trolley is designed as a compact trolley but which is large enough to be used in conjunction with EVIS Exera III imaging system.

Compact

The compact design means the TC-C4 is ideal for use in the outpatient or doctor's office where space is limited.

Easy to Move

The compact trolley is easy to move due to its light weight and integrated handles at the front and rear of the top tray.

Monitor Support

The TC-C4 is offered with a choice of monitor arm or monitor mount allowing optimised procedure image viewing position.

Large Top Tray

The top tray provides a large space for working or can be used to place equipment to increase storage capacity.

Cable management

Optimised cable management is achieved through channels in the columns and cable ties on rear of shelf.

Integrated Separation Transformer

Optional transformer placed under the base meaning increased shelf space for equipment loading.

Keyboard tray

A sliding keyboard tray is located under the top shelf.
