INFOCUS Service Contracts

Service Contracts That Put the Customer in Focus

A Higher Level of Value That Creates Trust

While committing to helping customers maintain uptime in all INFOCUS Service Contracts, Olympus also delivers agreements that offer higher uptime standards, and even a guaranteed level. Take a look at the examples below, demonstrating the opportunity costs of the different levels of uptime.

Examples of Potential Annual Savings of Customers with CF/PCF and CYF Scopes

Operational downtime leads to increased opportunity costs, which can have extensive financial effects. The impacts of downtime can include the following:

Missed procedures and hence missed reimbursement	Unplanned hospital stay
Delayed or postponed procedures with more waiting time & extended working hours	Private clinic transfer of patients, incurring costs and for the referring hospital
